MANCHESTER TEAM

Will Try Their Skill at Defeating the Maysville Basketball Team To-night in the High School Auditorium.

The second game of the basketball season of the Maysville High School will be held tonight in the auditorium of that school when the last Manchester team will endeavor to down the local boys. The Maysville boys were victorious in their first game and feel that they can follow suit in their second.

Since the victory of last Friday night the team has been receiving daily drill in signals and in throwing goals, making them perhaps stronger than before. Beginning with this month eligibility rules will be put in

force which compels every member of the team playing in a contest game with another school to have a passing grade in all except one subject. This will cause those desiring to become members of the team better students and to not devote all of their time to athletics.

The probable line-up for Manchester for the game tonight will be as follows: Right forward, Denning; Left forward, Brittingham; Center, Bellora, Pennywitt; Left guard, Cole; Right guard, Coleman, Maysville's line-up has not been officially announced but will be probably be the following: Right forward, Smoot; Left forward, Everett; Center, Wood; Right guard, Downing or Parker; Left guard, Brownning or Bowman. Both of these line-ups are subject to change however, neither of them having been announced officially. The game will begin at 7:30 o'clock.

RELEASED FOR WANT OF EVIDENCE

Nobody could find fault with President Wilson for dropping Secretary of War Baker forthwith from his Cabinet. Mr. Baker has demonstrated so thoroughly his unfitness for the office he holds that Mr. Wilson would embarrass the country immeasurably by retaining him. Psychological analysis such as was offered in an attempt to lessen the curse of the "too proud to fight" phrase balked at the job of defending Baker's insult in likening our Revolutionary patriots to Mexican cut-throats.

It is good to hear that Mr. Baker will not be reappointed in any case, but why should he not be drummed out of office now instead of on March 4? And why not make Josephine Daniels walk the plank without delay? He has refrained from defaming the men of '76, but he is as great an incubus to the navy as Baker is to the army. This pair of precious incompetents should be thrown into the waste basket together.

It is true that in view of Secretary Garrison's experience and the chaos wrought in the war and Navy departments by Baker and

HERT TELLS REPUBLICANS THEY SHOULD ANNOUNCE FOR PROHIBITION

Louisville, Ky., November 27—National Committeeman Alvin T. Hert, issued a statement tonight urging the Republicans of Kentucky to adopt without delay a firm stand with regard to the adoption of a constitutional amendment prohibiting the manufacture or sale of intoxicating liquors in Kentucky.

This change, which the Mayor has been studying out for himself, may have earlier effects and alter the complexion of the City Government as it relates to the liquor interests. Incidentally, 1918 is the year when the people of Illinois will choose United States Senator in the place now held by Senator James Hamilton Lewis.

UNIVERSITIES AND MANY OTHER SCHOOLS OF GERMANY MAY BE CLOSED THROUGH WORKINGS OF HOME ARMY

Copenhagen, November 27—The Berlin correspondent of the Berlingske Tidende says the German Government is considering favorably a proposal of Conservatives in the Reichstag that the universities and others of the higher schools in the empire virtually be closed so that the teachers and scholars may be embraced in the plan for mobilization of civilians.

DYESUTTS BROUGHT OVER BY DEUTSCHLAND SAID TO BE GOING A-BEGGING AS RESULT OF AMERICAN EXPERIEMENTS

Bridgeport, Conn., November 27—America has cast off dependency upon Germany for dyesutts, with the result that half the Deutschland's first consignment still lies unsold in Baltimore warehouses, according to an expert connected with one of the largest dye manufacturing concerns in the country.

With the expiration of some German patents several months, according to this authority, American concerns had free rein in experimenting, and a base product as good as that for which many now is being sold at \$1.60 a pound. The stuff brought over by the Deutschland on its first trip was selling for \$4.60 a pound when a market could be obtained.

GIVING THANKS

We are thankful for the peace and prosperity that has been this nation's. We are thankful that our sons, brothers and sweet hearts are still with us. We are thankful that we have enough and to spare of life's necessities; and we are thankful that we can, in a small measure alleviate the suffering of our sisters and brothers across the sea.

For our personal blessings we give thanks; for the measure of prosperity that has been ours; for freedom of thought and action; for the many advantages that we enjoy.

Our business has shown a decided progress and growth during the past year, and we are thankful that, although there has been a shortage of various materials, we have been able to serve our patrons with dependable merchandise of known worth.

MR. CLARENCE NUGENT

Of Louisville Addressed the City Association of Sunday Schools in a Meeting in the Third Street M. E. Church Last Evening.

The city Sunday School Association held a meeting last evening in the Third Street M. E. Church for the purpose of holding the annual election of officers. A very interesting meeting was held and a large crowd of Sunday School workers present.

Mr. Clarence Nugent of Louisville, one of the State Sunday School Workers, was present and gave a very interesting address, "Seven Sunday School Symptoms." In these symptoms Mr. Nugent outlined the faults and the glories of Sunday Schools and told wherein most of them are weak. He urged that all Sunday School teachers and leaders to be especially consecrated in their work, as they went as models before their scholars. He told very many interesting anecdotes of Sunday School work.

Miss Mary E. Wilson of this city gave a report before the meeting of the state convention at Somerset, and of her fight to bring the convention to Maysville for next year. Her report of the convention was very interesting. In relating of the fight to bring the convention to Maysville next year, she told many amusing instances connected with the successful attempt and the final triumph over the Ashland people, who were also very dubious of obtaining the conviction.

The following officers were elected for the ensuing year:

President—Mr. Frank Nash.
Vice President—Mr. J. T. Kackley.
Secretary—Miss Almeida Huff.

AMERICAN STEAMER, TORPEDOED BY GERMAN U-BOAT, SINKS WITH STARS AND STRIPES FLYING

Paris, November 28, (Censored).—A Madrid dispatch by wireless announces the arrival at — of the crew of the American steamer Chemung, torpedoed in — by a German submarine. The commander gave the crew only a few minutes to abandon the vessel, not allowing them even to take their money and papers.

The submarine towed the lifeboat in which the crew were placed to within five miles of the coast where it abandoned them.

The Chemung went down with the Stars and Stripes floating, at her mast.

A lively incident preceded the sinking of the vessel. The German commander gave orders that the American flag should be lowered and German sailors prepared to put them into effect. They met with stubborn resistance on the part of the American captain Duffy and his crew, who refused to haul down the colors, saying that if the ship had to be sunk, it would be with the flag flying.

Captain Holds Ground

Captain Duffy maintained his ground, and so rapidly were the preparations to sink the Chemung made, that further discussion about the flag ceased and after the captain and crew had been taken aboard the submarine a torpedo and three shells sent against the side of the American ship, put her to the bottom.

Although angry at the action of the German commander, Captain Duffy and his men had some measure of satisfaction in seeing the flag at the masthead as the waves finally engulfed their ship.

The Chemung was registered at New York and carried a crew of twenty-four. They found a place in two life boats and after a time on the open sea, were picked up by a Spanish steamer, which took them to Valencia. Captain Duffy has made a long report of the incident to the American consul at Valencia, John R. Putnam.
